

New Students selected for Utkal Pragati Civil Services Exam mentorship program.

The following parameters were taken into account while selecting the students :-

1. Previous Academic performance
2. Institute of Graduation
3. Answer writing on Utkal Pragati Forum through Wix app.

These parameters were checked to screen in students. However, it is of immense importance to note that we are not among the proponents of the myth that good academic performance is a necessary condition to crack UPSC. Academic performance was only preferred as a proxy for your seriousness towards your studies.

We had advertised for inclusion of 15 students. However, in view of the fact that it was difficult to exclude certain applicants we chose to take 25 students.
